Dear Customers,

We look back on an eventful year filled with many interesting projects and extremely pleasant conversations and exchanges with you.

However, even after almost 3 years of suffering from the pandemic, we watch with dismay world events and their aftermath, which make themselves felt in our daily work as well. Unfortunately, 2022 was also marked by worries and feelings of compassion, helplessness and uncertainty, which, within the team, we share with our translators all over the world.

As the year draws to a close, we wish you all a wonderful and contemplative festive season with ample time for family, but also time for yourself and for reflection.

For 2023, we wish you good health, happiness and success, and hope that the New Year will be a better one for you and all of us, with many positive moments in store.

Heartfelt thanks for your custom and loyalty, which we greatly appreciate.

We look forward to working on many more projects with you.

Warmest regards,

Tanja Mukovic

& your med-translations team

Freiburg, December 2022

This year, we have again chosen not to send gifts and to donate to the Förderverein Frauen in Not e.V. in Freiburg (www.off-freiburg.de) (association supporting women in need) instead.

Our office will remain open between Christmas and New Year with reduced personnel.
