

# med-translations

...because your texts deserve us

We are very pleased to welcome two new members to our team. Despite their induction having been hindered by the current pandemic, we are very happy that, this year, our team has been expanded with two great colleagues.

## **Mr Abdul Al Turk**

During an internship in December 2020, Abdul had already won us over entirely, and so it quickly became clear that we would not want to "give him away" again. In January 2021, he began his training as Office Communications Management Assistant at med-translations, which he will complete early - on account of his good academic achievements - in the spring/summer of 2023.

He was born in Dubai and has been living in Germany since 2015.

In no time at all, he was able to master the German language and successfully passed his Abitur in Freiburg (by the way, with an absolute top grade in mathematics, which, as language and communication experts, is a bit intimidating for us 😊).

Abdul speaks Arabic as his mother tongue, as well as English and German.

His friendly and always helpful manner and his inquisitiveness are already appreciated by all colleagues and we look forward to the months and years to come!

## **Mrs Claudia Schnier**

has been working for us as a project manager since June 2021.

Mrs Schnier can look back on many years of experience in various translation departments and as a freelance translator. After spending time abroad, including in the USA, and completing her Bachelor and Master of Arts (Leipzig and Strasbourg), she was publicly appointed as a sworn translator of documents for the English and French languages.

As you can imagine, Mrs Schnier's induction has been a breeze for us. We are very happy to have gained such an experienced, professional but above all likeable new colleague.

Our team warmly welcomes both colleagues!

We are looking forward to many joint projects, exciting tasks and the new WE feeling!!!!
